You wont want to miss this! – You may want to be sitting down for this one, let Cody bring us all up to speed on his most recent life change and one of the struggles he had to overcome. For those of you who cannot make it due to the break-outs, tune in to our podcast to hear a full recap!!

FINANCIALS & PAYROLL REPORT RUNDOWN & SUBSCRIPTIONS

What Reports, when & how? - In this class Ryan will walk you through best case scenario for what reports to run during what time of the month and even how to have them run on their own

VISION FIXED ASSETS

Fixed Assets– Basic tracking, verification, depreciation & maintenance of Fixed Assets.

VISION TECHNOLOGY

Advanced Features– Learn about the advanced features in the Vision system that you may not know about or may have forgotten! Conditional formatting, Service Orders, Vision core & Inventory.

2017 Conference Agenda

Presenter Bios

Toni Nelson is the Public Finance Consultant for Municipal Research and Services Center (MRSC), a private non-profit organization that supports local government in Washington through consultation, research, training, and collaboration. Previously, she was the Director of Professional Services for Vision Municipal Solutions a governmental software, hardware and financial services firm located in Spokane, Washington and the "Small Cities Specialist" with the Washington State Auditor's Office where she provided financial consulting services to local government.

Toni's background in governmental accounting is extensive with decades in the public sector. She was with the Washington State Auditor's Office for 11 years and 9 years as the Clerk/Treasurer for the Town of Twisp.

Ms. Nelson established a focus for "Cash Basis" accounting and reporting while with the State Auditor's Office that carried into educational classes and on-site training. She authored the "Small Cities Manual", monthly articles for the Financial Advisory web group for MRSC and is a speaker for state organizations such as AWC, WFOA, WMCA, and WMTA on topics pertaining to budgeting, cash basis accounting and reporting and the application of Washington State B.A.R.S. requirements.

Michael Foley is the West Coast Sales Manager for Equus Computer Systems. Michael was born and raised in Renton, WA and currently lives in Maple Valley, WA. He has been in the Computer PC business for 34 years and has been with Equus Computers for the past 14 years.

Duane Walz joined the State Auditor's Office in 1994 and lives and works in Olympia and is a member of Team Local Government Support. He has played a key role in collecting and maintaining government financial data over the years. He is currently responsible for producing the Local Government Comparative Statistics derived from local government annual reports and is the primary owner of SAO's Online Filing System that was created in FY2011. He also provides technical support and training to a wide variety of local governments. Duane received a Lean Six Sigma Green Belt in 2013.

Scott Stickel is the newest member to join the Vision team. Scott brings over 25 years of serving local government.

Scott has come on board to help Vision prepare and plan for future growth. He would like to meet with all of you & what better time than at our annual users conference! Please welcome Scott to our Vision Family!
